SPECIAL PROVISION  
Required Participation by  
DISADVANTAGED BUSINESS ENTERPRISE

The goal of work to be performed by Disadvantaged Business Enterprises for this contract is found on the DBE Utilization Bid Proposal sheets immediately following the Schedule of Items. For the purpose of this Special Provision, Disadvantage Business Enterprises are those which are so certified by the Civil Rights Office prior to the performance of the DBE on this contract.

Compliance with this Special Provision may be fulfilled by Disadvantaged Business Enterprise as either:

- A sole prime contractor,
- A member of a joint venture, may count towards commitment only the percentage of the ownership and control of the DBE partner in the joint venture,
- An approved subcontractor,
- An owner-operator of construction equipment.
- A renter of construction equipment to a prime or subcontractor,
- A consultant,
- A regular dealer of materials and/or equipment but only 60 percent of expenditures to DBE suppliers may be counted toward the commitment unless the supplier is also the manufacturer,
- Any combination of the above.

In determining compliance with the Special Provision the total creditable dollars paid to the Disadvantaged Business Enterprise shall be subtracted from the amount stated in the DBE Utilization Bid Proposal. The Contractor shall maintain records of payment in a form acceptable to that Office before requesting retent from the Contracts Section.

Failure by the Contractor to achieve the stated DBE goal, or more of this Contract performed by Disadvantaged Business Enterprise will result in the reduction in Contract payments by the amount determined by subtracting the resulting dollar value of work actually creditable to Disadvantaged Business Enterprise unless MDOT, Civil Rights Office waives requirement because the Contractor has demonstrated a good faith effort to meet the contract goal in accordance with the following standards;

1. Whether the Contractor attended any pre-bid meetings that were scheduled by the MDOT to inform DBE's of subcontracting opportunities;
2. Whether the Contractor advertised in general circulation, trade association, and minority/women's focus media concerning the subcontracting opportunities;
3. Whether the Contractor provided written notice to a reasonable number of specific DBE's that their interest in the contract is being solicited:

4. Whether the Contractor followed up on initial solicitation of interest by directly contacting DBE's to determine with certainty whether the DBE's were interested;
5. Whether the Contractor selected portions of the work to be performed by DBE's in order to increase the likelihood of meeting the DBE goals;
6. Whether the Contractor provided interested DBE's with adequate information about the plans, specifications and requirements of the Contract;
7. Whether the Contractor negotiated in good faith with interested DBE's, not rejecting DBE's as unqualified without sound reasons based on a thorough investigation of their capabilities;
8. Whether the Contractor made efforts to assist interested DBE's in obtaining bonding or insurance, or made efforts to provide DBE's with other appropriate technical/financial assistance required by the MDOT or contractor;
9. Whether the Contractor effectively used the services of available minority/women's community organizations, minority/women's contractors' groups; local, state and federal minority/women's business assistance offices; and other organizations that provide assistance in the recruitment and placement of DBE's;
10. Quarterly reports of actual dollars paid to DBE's on this project will be submitted to the Civil Rights Office by the end of the first week of January, April, July and October for the period covering the proceeding three months considered Federal Fiscal year quarters. The reports will be submitted directly on forms provided by that office. Failure to submit the form by the deadline may result in a withholding of approval of partial payment estimates by the Resident;
11. Any substitution of the named DBE firm(s) or the approved activity of the said firm(s) from that firm or activity and in the pre-contract signature compliance review form must be approved by Contract Modification which must be submitted by the Resident to the Civil Rights Office.

The following are acceptable reasons for approval of such a change order:

The DBE defaults or is over-extended:

The MDOT deletes portions of the work to be performed by the DBE.

It is not intended that the ability to negotiate a more advantageous contract with another sub-contractor be considered a valid basis for such a change in the DBE utilization once the pre-contract review has been passed. This Special Provision is in addition to all other Equal Employment Opportunity requirements of this contract. The Contractor must report the use of any bona-fide DBE.
